Dear Ms. Eleder:

Re: 80-73699 Consent Decree

Thank you for pointing out the oversight on PCB results for Wells K, L, and M. It was an unintentional omission that will be corrected on the next sampling round scheduled for late March. For the record, Monitor Well M was dry in both September and December 1987.

Also, enclosed herewith is a revised site map indicating the locations of Wells K, L and M plus their elevations and coordinates.

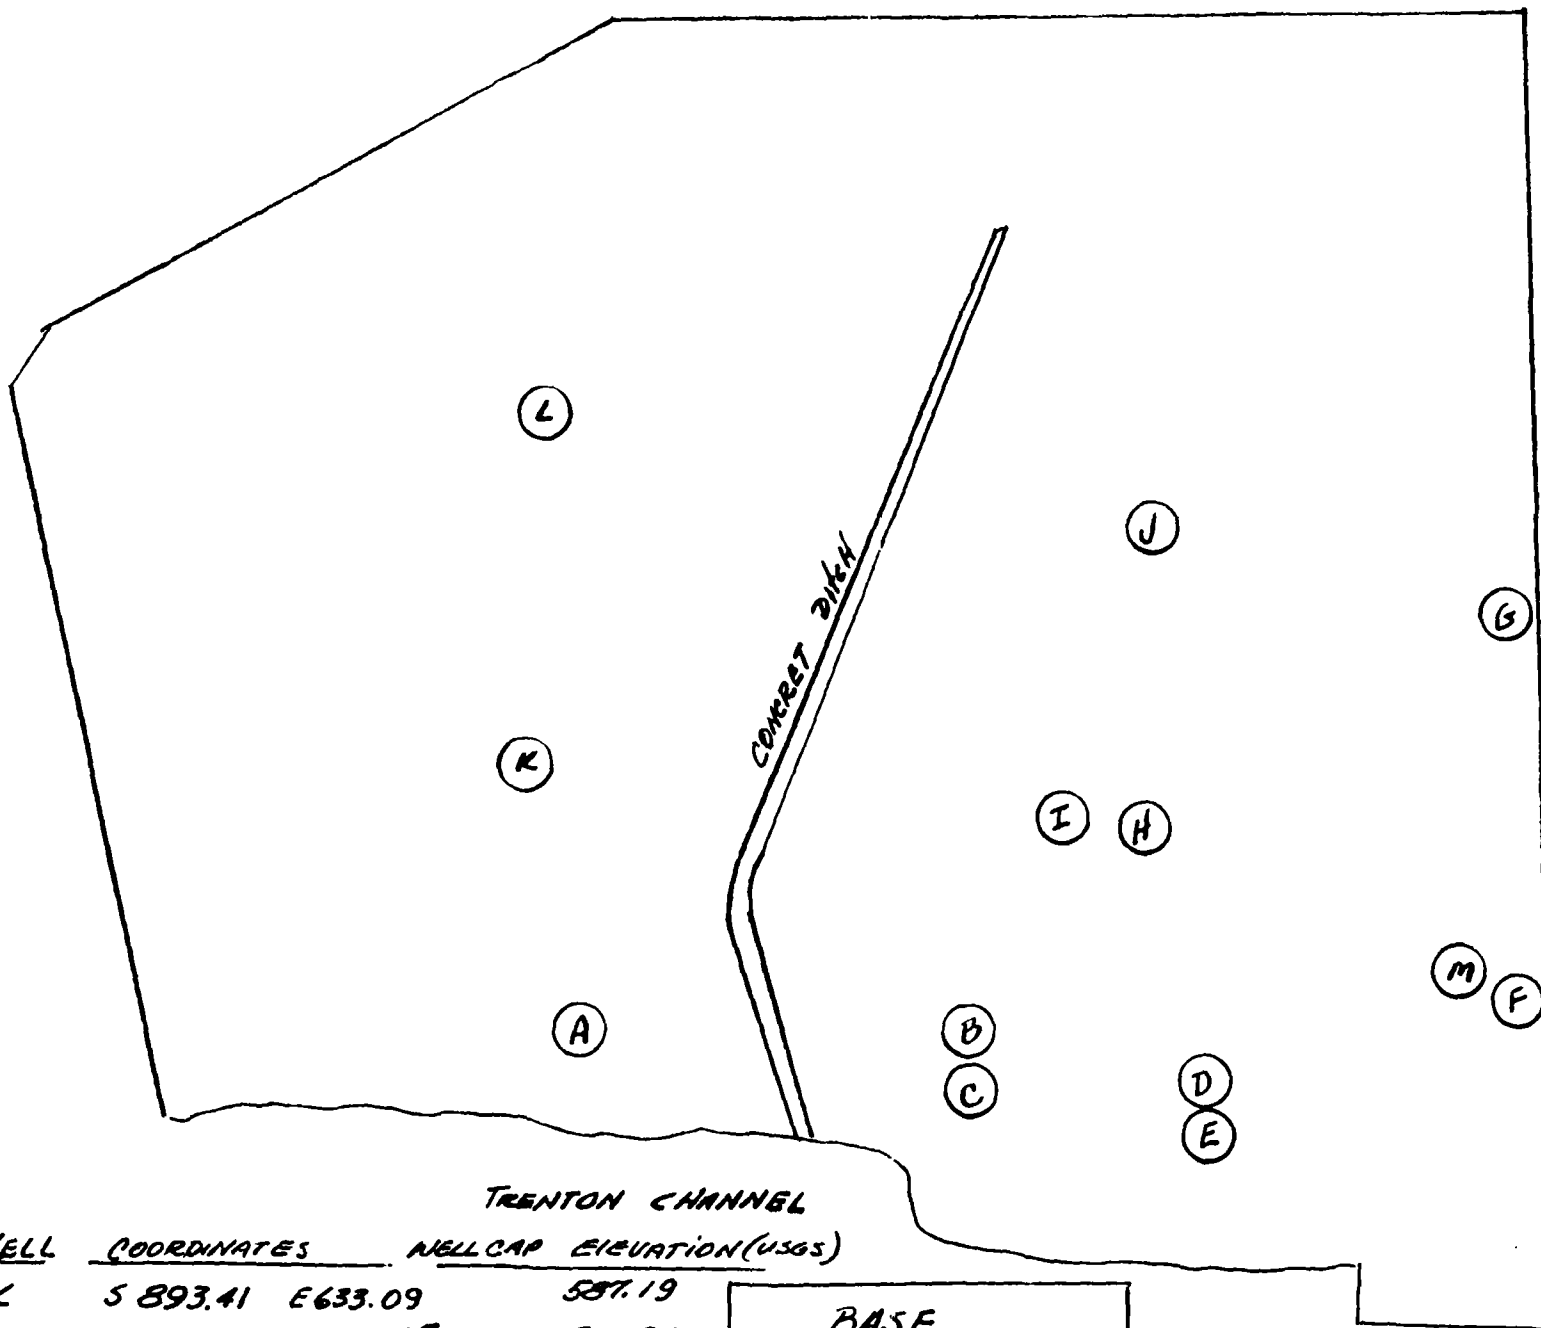

Yours very truly,

C. W. Axce
